

Indoor, self-service kiosk enabling your customers to quickly pick up or drop off vehicle keys without staff assistance.

Customer convenience & dealer efficiency

Self-service kiosks and digital solutions for the automotive industry, in providing effective, after-hours car handover solutions that suit the busy lives of your customers.

The systems are intuitive to use for staff and customers, with digitally verified and recorded transactions to ensure security and efficiency. Whether used as an after-hours solution for customers, or as a self-service option for customers seeking a more streamlined service experience, Sharebox systems deliver enhanced efficiency and increased customer satisfaction to any dealership.

24/7 self service

A fully automatic, standalone kiosk for exchanging vehicle keys, securely operated via display, SMS and web link

Leading in automotive

Built and used by automotive dealerships, car rental companies, and service shops around the world

High quality

With quality design and production, the steel frame and lockers are manufactured for long-lasting, secure operation

Easy installation

Enjoy simple floor-mounted installation inside your facility or lobby area

How it works

Each Sharebox system has secure and flexible access options to meet the needs of your customers and staff. Customers can access the system via the display, SMS or web link, with each transaction uniquely authenticated and recorded to ensure accurate audits of all activity.

Sharebox i16/i32

Indoor, floor-mounted model
Available with 16 or 32 locker compartments
Active touchscreen and mobile-first interface for convenient self-service access

Improve workflows and bottom-line revenue

Sharebox offers bi-directional communication with DMS providers, sharing information between your customers and your dealership management platform.

You can also utilize Sharebox's open API platform to control access within your applications, opening a world of possibilities in creating powerful new workflows to benefit your customers, and your business.
